This beautiful C street home was built by DH Development, a husband and wife team that currently live in Preston Hollow. Residing on a desired corner lot, this home was designed to take advantage of the natural topography of Lakewood and stand out in a neighborhood filled with one of a kind properties. Though architecturally driven, the design is quite functional with four bedrooms, a downstairs primary suite, four and a half baths, oversized utility room, butlers pantry, secondary utility space upstairs, white oak floors, and quartzite and quartz countertops throughout.
